Colour:	■ black
Product Code:	DFDF (Front) DFDR (Rear)

PATENT PENDING - REGISTERED DESIGN
Made in Italy
www.veredus.it

- Closure with support for suspensors and tendon system **retaining** action to limit typical after-workout swelling.
- **DFD (Dry Fast Dry®) interchangeable** underbandage, fixed with Velcro.
DFD is a special highly absorbent fabric **able to remove moisture** better than any natural or synthetic fibre. The **moisture** created by the body is rapidly absorbed by the DFD and removed from the skin which stays dry.
- Fetlock protector in polyurethane, to **reduce contact wear**.
- Velcro straps with elastic support for better **comfort** and **adherence**.
- Very **practical** and **functional**, it is time-saving and avoids dangerous bandaging mistakes.
